Complete practicing means 4 to 7 practices each week. Anything less for any reason, mark incomplete!

- Complete also means:
- Scales/Warm-Ups complete each practice
 - Didn't forget to practice any pieces
 - Theory/Sight-Reading/Special Assignment complete if assigned
 - Practiced willingly without complaining
 - Practiced thoughtfully with goals for each practice

Parents: Initial **Complete** if the above goals were met for the week, **incomplete** if not met.
